

VADDIO SPECIFICATION PROGRAM

CanadaPartners
2024

Get Rewarded for Specifying Vaddio Into Your Customer Projects

At Vaddio, we reward our Partners for time invested in designing customer projects around Vaddio Professional AV and Conferencing solutions.

When you are the specifying dealer designing in Vaddio products, you can receive an increased discount based on the program schedule below.

Submit your project today, and start getting rewarded. Contact your Regional Manager or Distributor for more information.

Vaddio Specification Program Details

Any project with \$7500 CAD value or higher is eligible for registration under our specifier program. Please include the details in this form, or provide details showing you are substituting Vaddio into a project. We will confirm with a registration, showing your discount.

Program Terms

- Projects must be identified and submitted in advance to obtain the appropriate discount
- Project must be submitted and approved through your Regional Manager or Distributor via the Specification Program Submission form prior to placing any related purchase orders
- Purchase Order must be submitted including Specification number in order to receive Specification discount
- Only one specifying dealer will be assigned per project
- Projects designed by consultants are ineligible for this program unless the dealer can provide proof that they influenced the consultant to specify Vaddio products
- All products purchased must be used for the project and not purchased for inventory
- Vaddio reserves the right to modify the program at any time

Any project submitted that was NOT specified by the submitting dealer will disqualify that dealer from any further participation in the program
